**Re: American Electric Power Service Corporation on behalf of
Public Service Company of Oklahoma and
Southwestern Electric Power Company
Reclassification of Transmission Facilities
Docket No. ER09-12-000
Clarification of Requested Effective Date**

Dear Secretary Bose:

This letter is to clarify the October 1, 2008 filing made by American Electric Power Service Corporation American Electric Power Service Corporation, on behalf of Public Service Company of Oklahoma ("PSO") and Southwestern Electric Power Company ("SWEPCO") (collectively "AEP") in the captioned docket. The October 1 filing was intended to comply with the Commission's order in *Southwest Power Pool*, 112 FERC ¶ 61,355 (2005), and consisted of supporting changes in accounting for the transmission and distribution plant-in-service to conform the facilities that will be reflected in the revenue requirements for transmission service of PSO and SWEPCO under the Southwest Power Pool, Inc. ("SPP") Open Access Transmission Tariff ("OATT") consistent with attachment AI of the SPP OATT.

It has come to AEP's attention that the transmittal letter and supporting documents did not clearly state what effective date AEP was requesting for the proposed change. With this letter, AEP seeks to clarify that it is seeking an effective date of January 1, 2009 for the proposed changes for purposes of calculating revenue requirements.

Questions regarding this submittal may be directed to me or to Dennis E. Bethel at (614) 716-2764.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Monique Rowtham-Kennedy", written over a horizontal line.

Monique Rowtham-Kennedy
Senior Counsel
American Electric Power

Cc: Service List
Sarah Willyard

CERTIFICATE OF SERVICE

I hereby certify that I have this day arranged for service of the foregoing documents on each party on the official service list compiled by the Secretary in this proceeding.
