

LEARN WITH US

WOMEN IN LINEWORK PRE-APPRENTICESHIP PROGRAM

GET READY

Ready Yourself for a New Career

Participate in a 4-week virtual program Monday thru Thursday from 4:30 - 9:00 PM while receiving a stipend. Curriculum will help participants build skills in graphic arithmetic, mechanical concept, and reading comprehension to prepare to pass the Construction & Skilled Trades (CAST) test; as well as content to develop professional competencies necessary for long term success in a career with AEP.

CLIMB TO NEW HEIGHTS

Climbing Clinics

Participate in two 8-hour workshops held on 2 consecutive Saturdays at an AEP lineworker training facility to develop foundation skills including basic tool identification, knot tying, pole climbing and hanging a cross-bar designed to prepare students to successfully complete the required assessment for entry into AEP's Lineworker Apprenticeship Program and pre-employment hiring process.

EARN WHILE YOU LEARN

Paid Apprenticeship Program

WiL participants who successfully demonstrate the competencies required to graduate from the WiL program will be offered full time positions in the AEP Apprenticeship Program. This 4-year experience to becoming a Journey level lineworker comes with competitive wages and benefit package.
